and multi media

2017 WOOLI ARTSHOW

FUNDRAISER FOR COASTAL COMMUNITIES PROTECTION ALLIANCE WOOLI

COASTAL COMMUNITIES PROTECTION ALLIANCE - WOOLI

In October 2010 concerned citizens and friends of Wooli formed an association called the Coastal Communities Protection Alliance - Wooli (CCPA) to develop and implement plans for its protection from coastal erosion.

WOOLI ART GATHERING

In April 2011 Wooli Art Gathering (WAGS) held its inaugural exhibition. This included a children's section from local the school and over one hundred works across several media.

Now in its seventh year the art show has six main categories: works on paper, textile art, sculpture, painting multi media and photography and a successful children's section.

The objectives of the event continue to be as a fundraiser for the CCPA along with celebrating local creativity.

*Wooli Art Show is a proud **CVC plunge** festival event*
