

Safe Pedestrian Access to Wooli Beach

Here are three good reasons why you should consider voting for this project

Reason 1

Ensure **safe access** for all Wooli beach goers by installing modern easily-negotiated stairs and ramps.

Reason 2

Provide this modern walkway-infrastructure to accelerate Wooli's contribution to the Clarence's **growth in tourism** and related businesses.

Reason 3

This **investment is protected** by the accessways' storm-proofing. The walkways then help protect the recent investment in dune reinforcement.
